

# Training Design Template

## Learning Outcome(s)

At the end of the training session, participants will be able to:

| <b>Performance</b><br>(Verbs based on Blooms Taxonomy) | <b>Condition</b><br>(Context in which the performance is applicable.<br>i.e., situation, time, location, etc.) | <b>Standard</b><br>(Targeted level of performance such as speed,<br>accuracy, quantity, etc.) |
|--|--|---|
|  |  |   |

## Content

| <b>Segments</b> | <b>Learning Points</b> | <b>Visuals / Props</b> | <b>Interactive Activities for Participants</b> |
|-----------------|------------------------|------------------------|--|
| <b>Opening</b>  |                        |                        |  |
| <b>Body</b>     |                        |                        |  |
| <b>Closing</b>  |                        |                        |  |
